

REESLINK

INTRODUCING

ReesLink WI-FI

At Rees, we understand the importance of dependable monitoring in your critical environments. That's why we've developed ReesLink—the ultimate WiFi solution for reliable and precise monitoring.

YOUR TRUSTED SOLUTION FOR DEPENDABLE AND CONSISTENT MONITORING

CONNECTIVITY YOU CAN COUNT ON

Seamless data transmission ensures critical information is always captured and securely transmitted.

PRECISION MONITORING WITH RTD SENSORS

Now supports PT-100 platinum RTD sensors, providing you with highly accurate temperature readings across a wide range.

LONG-LASTING BATTERY

Optimized battery life is engineered for extended performance, reducing the need for frequent maintenance.

FLEXIBLE DUAL-BAND WIFI CONNECTIVITY

Supports both 5GHz and 2.4GHz WiFi bands, offering flexible connectivity options to suit your environment.
